

# CARDIFF 2005

PROCEEDINGS  
OF THE SEVENTH  
SRP INTERNATIONAL SYMPOSIUM  
held in Cardiff, 12 – 17 June 2005

Organised by

The Society for Radiological Protection

Co-Sponsored by

The German-Swiss (FS), French (IRPA), Netherlands (NVS) and  
Spanish (SEPR) Societies for Radiological Protection

Editor

Duncan Jackson

Co-editors

M C Thorne & M Ramsay

# CARDIFF 2005

PROCEEDINGS

OF THE SEVENTH

SRP INTERNATIONAL SYMPOSIUM

Published by The Society for Radiological Protection. Material from this publication may be subject to requirements of Copyright held by the authors or their organisations. It is noted that no assignment of Copyright has been made to the Society for Radiological Protection and that only a right to publish this material in all media, including print, electronic and microfilm is asserted.

Date of publication  
June 2005

These proceedings are dedicated to the memory of Frances Fry, President of the Society during our previous International Symposium, Southport '99. Frances died on 25 April 2005.

The Society for Radiological Protection  
Administrative Office,  
PO Box 117,  
Buckfastleigh,  
Devon TQ11 0WA

# CONTENTS

## **Dosimetry and Radiobiology**

Developments of the International Commission on Radiological Protection <i>L-E Holm</i>	12
The human alimentary tract transfer of environmental Polonium-210 <i>G J Hunt &amp; H S Rumney</i>	18
Health implications of Dounreay fuel fragments: Estimates of doses and risks <i>M Charles, J Harrison, P Darley, T Fell, A Aydarous, A Phipps &amp; T Smith</i>	23
Epidemiological analysis of the BNFL tritium workers <i>S Whaley, D McGeoghegan &amp; K Binks</i>	30
An Analysis of the Impact of Aerosol Solubility on Lung Dose Estimates <i>A E Riddell</i>	37
Using IMBA Professional Plus to estimate intakes and doses <i>A Birchall, J W Marsh, K Davis, M R Bailey, N S Jarvis, A D Peach, M Puncher, M-D Dorrian &amp; A C James</i>	43
Plutonium and lung cancer at the Sellafield site of British Nuclear Fuels Ltd <i>M Gillies, D McGeoghegan &amp; K Binks</i>	49
Impact of a changing environment on the conduct of epidemiological research in the occupational setting <i>D McGeoghegan</i>	55
The role of chromosome aberration analysis in radiation protection <i>E J Tawn</i>	61
Development of SSNTDs for neutron monitoring in the thermal to fast energy range <i>B Sujatha, R V Kolelar &amp; R K Kher</i>	64
Accreditation & Quality Assurance Programme for Individual Monitoring in India <i>G Varadharajan, A K Bakshi, R R Bihari &amp; R K Kher</i>	70
Impact of a new internal monitoring strategy at AWE <i>R J Cockerill &amp; D Bingham</i>	76
Optimising Internal Dosimetry Monitoring Programmes to Meet the Expectations of Radiation Protection Management <i>G A Roberts, R Bull &amp; D Spencer</i>	82

## **Economics, Ethics and the role of Stakeholders in Radiological Protection**

Valuation of Public and Worker Dose <i>G G Butler &amp; D Jackson</i>	89
The cost per quality adjusted life year of domestic radon remediation in four Northamptonshire Primary Care Trusts <i>T Coskeran, P S Phillips, A R Denman &amp; R Tornberg</i>	94
Establishing an Ethical Approach to the Transnational use of Radioactive Materials in Human Volunteer Studies <i>D Hotte, D J Morecombe, &amp; A S Muir</i>	100

Production of a justification case for the use of X/g-ray scanners to detect clandestine entrants concealed in freight containers <i>A C Ross, A P French &amp; N Fitch</i>	106
Practical examples of engaging stakeholders in radiological protection in the field of restoration and rehabilitation of long term contaminated environments <i>A F Nisbet</i>	110

## **Regulation and the role of the Qualified Expert**

The IRPA 11 Congress. Current Situation and Perspectives for Radiation Protection <i>E Gallego, A Surgier, L Arranz, D Cancio &amp; P Carboneras</i>	116
Radiation Protection in the Pharmaceutical R&D Sector: Continuing Challenges in a Competitive Environment <i>D Morecombe &amp; A Muir</i>	123
UK Regulatory Performance in practice - the Amersham/Cardiff nuclear site <i>M Wallis</i>	128
Experiences in the operation of an RPA Body under the UK Ionising Radiations Regulations 1999 <i>D M Smith &amp; M Gooding</i>	135
The Development of an Integrated Waste Strategy for the Sellafield Site <i>B Morley</i>	140
Gearing up 'radiation protection' to meet the Nuclear Decommissioning Authority challenge <i>P Thompson &amp; S White</i>	147
Identifying and determining the activity of luminised aircraft instruments <i>P Burgess &amp; B Heaton</i>	153
Measurement standards supporting radiation protection in South Africa <i>J C Mostert</i>	158
Performance of the IAEA Transport Regulations in Controlling Doses and Risks from a Large-scale Radioactive Waste Transport System <i>D Hutchinson, R Miles &amp; I White</i>	161
The experiences of an RPA Body <i>R Paynter</i>	170
The OECD NEA Databank: A perspective for the UK radiological protection practitioner <i>D N Simister</i>	<b>174</b>

## **Medical Issues**

Patient Doses and Priorities <i>D Sutton</i>	177
Optimising CT Scanning <i>W Huda</i>	183
Dose reduction in paediatric head computed tomography examinations <i>C-L Chapple, J Willis &amp; A Shemilt</i>	187
An analysis of Hospital Radiation Incidents <i>C Martin</i>	192

Changes in patterns of reporting incidents involving over exposure of patients undergoing diagnostic radiology examinations <i>C Wood &amp; A Walker</i>	198
Evaluation of the hazards associating injection of heart diseased patients with radiopharmaceuticals for imaging with gamma camera <i>M A Fadel, R Elgebaly &amp; A Abdelfattah</i>	204
Implications of the new ICRP weighting factors on effective dose in diagnostic radiology <i>C-L Chapple &amp; A Sandison</i>	212
Acquisition and printing of Digital Photospot Images in Barium swallow examinations <i>K M Ogden, C Czyz, M L Roskopf &amp; W Huda</i>	217
Digital Radiography and Optimisation <i>C J Martin, P Doyle &amp; D J Gentle</i>	222
A controversial dosimetric question on external beam Cobalt-60 external beam therapy treatment of breast cancer <i>G Shehi, B Shehi &amp; G Hysaj</i>	228
Development of a Certification Scheme for Laser Protection Advisers <i>C J Martin &amp; G Hart</i>	233

## **Methods and Modelling**

Radiological assessments for animals and plants: a systematic approach to fulfill the requirements of the EU birds and habitats directives <i>R Allott, D Copplestone, P C Merrill &amp; C R Williams</i>	238
Development and Implementation of a New, Dynamic Soil-Plant-Animal Model for use in Assessing the Impacts on Terrestrial Foodchains of Routine and Accidental Atmospheric Releases of Contaminants <i>P Maul, P C Robinson, R C Walke, M C Thorne &amp; E Evans</i>	244
AMBER: A flexible Modelling System for Environmental Assessments <i>A Punt, G Smith, M Herben &amp; P Lloyd</i>	250
Helping Small Users: An Initial Radiological Assessment Methodology for Discharge Authorisations <i>B Lambers, M C Thorne &amp; R W Allott</i>	256
Assessment of Disaggregated Collective Doses arising for Solid Low Level Radioactive Waste Disposal at Drigg <i>P Lloyd, G Smith, G Thomson &amp; P Grimwood</i>	262
The Scientific Basis of the PRISM 2.0 Soil, Plant and Animal Models <i>M C Thorne, P R Maul, P C Robinson &amp; R C Walke</i>	269
Implementation of the PRISM 2.0 Models and some Illustrative Applications <i>P C Robinson, C E Watson, P R Maul &amp; E Evans</i>	275
Estimating collective doses and associated individual doses <i>A P Bexon, K S Sihra &amp; J R Simmonds</i>	281

## Operations Waste and Decommissioning

IAEA guidance on exclusion, exemption and clearance <i>I Robinson</i>	286
A Fine Balance: Multifactorial decision making and the regulation of Tc-99 discharges at Sellafield <i>A Mayall</i>	291
Radiological protection aspects of the decommissioning of an experimental fast breeder reactor <i>W Thomson, I MacDonald &amp; P Thompson</i>	298
A Radiological Assessment of Future Uses of Llyn Trawsfynydd <i>A Punt, D Jackson, I Barraclough &amp; C Hardman</i>	304
Environmental impact assessment for the decommissioning of submarine facilities <i>I M Barraclough, D Jackson &amp; I Amundsen</i>	308
The impact of fragments of irradiated fuel on Sandside beach <i>K R Smith, P Bedwell, G Etherington, M Youngman &amp; B Wilkins</i>	314
Workplace trials to determine the protection factor of a pressurised suit in a decommissioning environment <i>J M Bradshaw, J P Martin &amp; R I Wilkins</i>	320
Site Endpoints for Radioactive and Chemically Contaminated Land on Nuclear Licensed Sites and Defence Sites <i>P Richardson, G Smith, E Kerrigan &amp; J Kersey</i>	326

## Doses to biota and indices of harm

Dosimetric considerations with respect to Reference Animals and Plants <i>R J Pentreath</i>	331
Ecological effects of radiation in natural wildlife - data from the EPIC database <i>T G Sazykina</i>	339
Radiomodulatory influence of <i>Mentha piperita</i> (Linn) leaf extract on hepatic antioxidant status and lipid peroxidation in Swiss albino mice <i>R Samarth, M Panwar, M Kumar &amp; A Kumar</i>	344
Multiple stressors and their impact on the effects of ionising radiation on marine and terrestrial invertebrates <i>J L Hingston, M D Wood, P McDonald, R Leah &amp; D Copplestone</i>	350
Cytogenetic effects induced by low level radiation in plant meristems <i>A A Oudalova, S A Geras'kin, V G Dikarev, T I Evseeva &amp; N S Dikareva</i>	356
The impact of chronic radiation exposure on sub-surface invertebrate populations in the Chernobyl exclusion zone, Ukraine <i>D Jackson, D Copplestone &amp; D M Stone</i>	362
Accumulation of <sup>90</sup> Sr and <sup>137</sup> Cs in Hydrobionts of Water bodies within the Left-Bank Flood Plain of Prypiat river <i>Alexander Kaglyan</i>	368
Ground-truthing of current environmental radiation protection frameworks: Putting the 'ecology' back in 'radioecology' <i>M D Wood, J V Smallcombe, J L Hingston, D Copplestone &amp; R T Leah</i>	373
Doses to biota and man from radionuclide discharges into the Yenisei River <i>A I Kryshev &amp; I I Kryshev</i>	379

## **Instrumentation**

Review of AWEs Surveys, Dosimetry and Instrumentation used at the UK's Nuclear Weapons Plants <i>G Sallit</i>	384
The influence of radon on ionisation chamber beta, x, gamma, beta dose rate instruments <i>P Burgess &amp; L Fullerton</i>	390
Use of laser and satellite based positioning systems in conjunction with gamma spectroscopy equipment to generate large area maps of radioactively contaminated land <i>T Danson &amp; P Johnson</i>	394
Personal Photon Dosemeter Trial - Devonport Royal Dockyard <i>R Collison</i>	397
Neutron Detection and Measurement in the Workplace <i>V Rees &amp; P Danyluk</i>	403
Personal dosimetry in decommissioning environments containing plutonium contaminated facilities – the InLight® solution <i>C Perks, P Burgess &amp; R Birch</i>	409
Selecting new instruments for a major company <i>P Burgess &amp; A Holliday</i>	415

## **Natural Radioactivity and NORM**

Principles for the control of exposure to radon in dwellings – conception for a national radon programme in Germany <i>E Ettenhuber, M Kreuzer, G Kirchner, R Lehmann, W Meyer &amp; T Jung</i>	420
Review of the Radiation Exposure of the UK Population <i>S J Watson, A L Jones, W B Oatway &amp; J S Hughes</i>	426
Practical Considerations for Occupational Exposure to NORM <i>C Toque, Dr D Smith, M Ashworth, R Krum &amp; Dr T Carter</i>	429
Developments in radon control in UK workplaces <i>T Gooding, &amp; D Dixon</i>	435
Do radon-proof membranes reduce radon levels adequately in new houses? <i>A R Denman, P S Phillips, C J Groves-Kirkby, R GM Crockett</i>	441
Determination of NORM in Discharges from Unfiltered Stacks <i>R J Cockerill, M Dolan &amp; M Rainbird</i>	446
Strategies for radon monitoring in new and existing domestic properties <i>A R Denman, P S Phillips, C J Groves-Kirkby, R G M Crockett &amp; G K Gillmore</i>	452
Elements of Natural Radioactive Decay Series in Iranian mineral water and cigarettes <i>S Mohammadi</i>	458
National Enforcement of Radon in the Workplace <i>G Thomas</i>	463
Staff exposure rate in Mallahat hot spring region <i>M B Tavakoli, G H Fallah Mohammadi &amp; M Ghiasinezhad</i>	468

## **Emergencies, Security and Education**

How the monitoring programme for Chernobyl radionuclides has helped planning for a future emergency <i>D R P Leonard, C C Morris &amp; M J Wakerley</i>	473
Development of the UK Recovery Handbook for Response to Radiation Incidents <i>S F Mobbs, A Nisbet, J Brown, J Mercer, K Mortimer &amp; N Hesketh</i>	478
The radioactive legacy in schools: Replacing old stock with new: Part 1: Getting rid of the old stuff <i>J Jamieson</i>	484
The radioactive legacy in schools: Replacing old stock with new: Part 2: Finding new stuff to replace the old <i>J Jamieson</i>	490
A Trial of equipment and procedures for the detection of illicit radioactive materials at UK seaports <i>P Tattersall</i>	496
“Dirty Bombs!” What should be the Health physics response? <i>G Smith &amp; C Robinson</i>	500
Bridging the Gap: Recruiting tomorrow’s RPA’s <i>T Wright</i>	505
